

ALIEN LAND OWNING BILL BECOMES LAW

Governor Johnson Signs Measure Against Pro- tests of Japan

OPERATIVE AUGUST 10TH

Theodore Bell Invites Demo- crats to Invoke Referen- dum Against Bill

REPLY MADE TO JAP PROTEST

SACRAMENTO, CAL., MAY 19.—California's alien land bill became the law of the state today. Against the protests of Japan and the representations of President Wilson and his personal envoy, Secretary of State Bryan, Governor Johnson signed the bill and 96 days after the adjournment of the legislature, on August 10th, the act becomes operative. While the governor was signing the bill the steamship Korea was passing through the Golden Gate, bearing two distinguished Japanese, one a former pupil of President Wilson on a mission of investigation. Meanwhile, complications, national and sectional, beset the bill. Overshadowing all is the outcome of the negotiations now in progress between this country and Japan, which has interpreted the act as discriminatory and offensive.

Encounters Triple Hostility. Within California itself, the act has encountered triple hostility, which may delay its activity until November 1st, 1914. Democrats opposed the state legislation at the time, because of party regularity. Nevertheless, so plain to them seems to be the demand for the bill that, after exhausting all parliamentary tactics the senate gave but one adverse Democratic vote and the assembly but two.

As an expression of this opposition, Theodore Bell, late Democratic candidate for governor and former chairman of the Democratic state central committee has issued an invitation to his party to submit the issue to the people by invoking the referendum against the bill. He grounds his opposition on two contentions—one that the bill is insufficiently drastic because it permits leases running three years; and second, because of the manner in which it is drawn, it is a national administration. The Asiatic Exclusion league, an organization of which the president is Olaf A. Treimoe, recently convicted of complicity in the national dynamite plot originating in Indianapolis announced last night that it would invoke the referendum purely because it opposes the bill as faint hearted. Thirdly, the Panama-Pacific International Exposition company backed by many chambers of commerce, has placed itself on record in opposition to the bill on the ground that it is a violation of good faith.

Any action of the legislature," said the directors of the company, "against any foreign country, to their pride as people, or their honor as a nation, must challenge the good faith of the commonwealth."

Johnson Makes Reply. In reply to this threatened hostility, Governor Johnson said today in signing the bill:

"California for the first time in its history has an anti-alien law. Any man who wishes another kind of law may consistently invoke the initiative. No man who really wishes an anti-alien law will sign the referendum as to this law. If another law is sought, it may be presented by means of the initiative and in the meantime the present law will be in operation."

The two visiting Japanese are Soroku Ebara of the constitutionalists party and a member of the house of peers and Ayo Hattori of the nationalist party and a member of the lower house. They made it plain that they did not come in any official capacity but merely as representatives of their parties with a view to learning conditions and prevailing sentiment in California.

"We may see Governor Johnson and I expect to visit President Wilson before I return," said Mr. Hattori.

English Keenly Interested. London, May 20.—The Daily News in an editorial this morning, remarks that England is keenly interested in watching how President Wilson handles the Japanese matter, because the question affects the policy of British Columbia and Australia.

The paper considers that the California fears are exaggerated and that the Japanese are not likely to become a serious factor in America as they have abundant scope in Korea.

Presents Reply to Japan. Washington, May 19.—Secretary Bryan to day handed Ambassador Chinda the reply of the United States government to the Japanese protest against the California land alien legislation. The ambassador immediately cabled it to Tokyo.

Upon learning through press despatches that Governor Johnson had signed the Webb land act, Secretary Bryan telephoned Viscount Chinda and invited him to come to the state department to receive the reply which he had been awaiting since

CONFISCATED WAR AEROPLANE IN MEXICO

MACHINE DISAPPEARS FROM RANCH NEAR TUCSON

Aircraft Was Taken, in Sections With High Power Gravity Type Motors, Across International Line—Federal Guard is Believed to Have Been Kidnapped.

NOGALES, ARIZ., MAY 19.—The war aeroplane crossed into Mexico near Naco last night was the same flying machine confiscated by United States federal officials two weeks ago. The machine disappeared from a ranch between Tucson and this point and with it disappeared Reuben Hopkins, a United States deputy marshal of Tucson, who was left to guard the aircraft.

The machine, in sections, was taken in automobiles south to the international line and safely crossed in daylight late yesterday afternoon. With it went high power bombs of the gravity type.

She attack on Guaymas, to which point the defeated federalists have retired has been postponed. It is explained, awaiting the aeroplane to offset the power of the gunboats.

The disappearance of the aeroplane supposedly safe is the keeping of the federal officers, led late today to a search for the missing deputy marshal. It is asserted that he was kidnapped. The Mexican customs collector of Nogales, Senor, passed the incident with the remark, "It cost us a lot of money about we got it."

Issues Postal Order. Washington, May 19.—An order was issued by Postmaster General Harrison today directing that postmaster refuse to pay money orders issued on and after May 15, at any postoffice in Mexico, until they had received the corresponding advice previously endorsed by the Huerfano postal administration with a special stamp reading:

"Visador Por La Direccion General De Correos De Mexico, D. F."

When payment is thus refused the instructions say, the holder of the order should be advised to return it to the sender. The order is in accordance with an agreement entered into by the Mexican and American postal departments. Lively exchanges have been passing between the two postal departments of the two countries relating to today's order and concerning the transmission of mail from the United States to Mexico.

WIFE IS NOT BOUND BY LAW TO FOLLOW HUSBAND'S LEAD

James Collet is Refused Divorce Because His Wife Refused to Go With Him to a Farm.

Kansas City, Mo., May 19.—The Kansas City court of appeals today dealt a knockout blow to the doctrine that a wife is bound to follow her husband wherever he goes. The ruling was in the case of James Collet, who sued his wife, Mary, for divorce because she declined to go with him to a farm. The Vernon county court where the action was begun refused to grant the decree and the court of appeals sustained the ruling.

"The plaintiff points to the time honored duty of a wife to follow her husband wherever he may choose to go," the court said, "and to live with him and abide by his fortunes in sickness and in health, in poverty and riches and to make his will her law, where it is not in conflict with the law of God. She was not bound to follow him and if he choose to go and live alone in peace, her act does not constitute desertion."

The couple were married in 1876.

the presentation of his own note on May 9th.

It was understood that both the Japanese protest and the state department's answer would be withheld from publication for the present at least on the ground that it would be injudicious to submit the delicate questions at issue to heated discussion in the newspapers and at possible mass meetings.

Upon returning to the embassy, Viscount Chinda dispatched the state department's reply to his own government and it is assumed that several days may elapse before the step is taken.

Secretary Bryan said he had not communicated with Governor Johnson since the receipt of the governor's long message explaining his reasons for deciding to sign the act and probably would not do so.

Seeks Friendly Relations.

Tokio, May 19.—The group of business men from various cities of Japan who visited the United States in 1909 and made many friends there are seeking the co-operation of the most influential of these toward a continuation of friendly relations between the two countries. They held a re-union at Kyoto to day and decided to communicate with their American friends in an effort to aid in the settlement of the controversy over the alien land ownership legislation.

The discussion was of the most friendly character but the granting of naturalization and conclusion of a new treaty were considered most desirable. A section of the press bitterly denounces Governor Johnson's reply to President Wilson as illiberal and unjust, declaring that it is strongly anti-Japanese and that Governor Johnson is seeking to evade his own responsibility under cover of the national law.

TORPEDO BOAT IS STRUCK BY OWN SHELL

TORPEDO BOOMERANGS AND CRASHES INTO VESSEL BELOW WATER LINE

Call For Help is Sent Out by Wireless But Boat is Able to Reach Land Under Her Own Steam and is Beached on Hope Island, Narragansett Bay.

NEWPORT, R. I., MAY 19.—The torpedo boat Vesuvius was struck by one of its own torpedoes late today and was beached on Hope Island, Narragansett Bay, when the lives of those on board seemed imperiled by the waters washed in through a two-inch hole astern.

Besides the regular crew fifteen gunners were aboard. The boat worked itself off the beach and proceeded to the torpedo station under her own steam. The Vesuvius was being used for torpedo instruction in Narragansett Bay. As a practice white head torpedo left her side the machinery went awry and the torpedo turned like a boomerang and crashed into the Vesuvius' stern below the water line, gashing a two-inch hole.

Blankets and other material were used in trying to patch up the hole. But the Vesuvius began to settle astern below the water-line and a call for help was sent out by wireless. Captain Smith ordered full speed ahead for the nearest land, Hope Island, two miles away. All pumps were kept working until the Vesuvius ran her nose on the beach. The Vesuvius became noted in the navy for its work during the war with Spain. Off Santiago Bay she threw torpedoes into Spanish trenches on shore and it became a saying among the sailors that "when the Vesuvius coughs, there's always an eruption ashore."

THEIR ARRESTED AT KANSAS CITY HAD LONG POSED AS WOMAN

Taught School Disguised in Women's Clothes—Admits Counterfeiting and Forgery Schemes.

Kansas City, Mo., May 19.—James Arthur Baker, arrested tonight charged with theft committed at Sumnerland, Calif., in a signed confession said that during most of his life he had posed as a woman and that he had been involved in intricate counterfeiting and forgery schemes. He early adopted the profession of school teaching, he said. After teaching a few years in Iowa, Missouri, Kansas and Oklahoma, he went to the Pacific coast, where he found that men teachers were not in demand. He then disguised himself as a woman and obtained a position under the name of "Alice Baker." No one suspected his secret although he taught one season. In 1910, Baker, still garbed as a woman, went to Los Angeles, where he met a young attorney who became infatuated with the teacher and a few months later they went through a ceremony of marriage. Baker said the attorney exercised a hypnotic influence over him and induced him to take a course of engraving in an art school to make him proficient in counterfeiting. Later they perfected \$7,000 worth of bogus one hundred dollar bills, he said, and afterward went to Japan where the bills were exchanged for gold.

After their return to California, Baker said, the attorney proposed that they steal the blank money order book at Sumnerland, where Baker said a relative of his was postmaster.

Baker visited this relative, he said, and stole twenty-four of the blank money orders. He said they filled out the orders for \$100 each and cashed fourteen of them.

Before going west Baker said he married an Iowa girl from whom he was divorced. They were remarried several months later and divorced a second time.

Baker is small, has a high falsetto voice and has features resembling those of a woman.

CHARGED WITH KILLING HIS WIFE AND DAUGHTER

Colorado Man Cused of Causing Ex- plosion Which Wrecked His Home April 28.

Cripple Creek, Colo., May 19.—James L. Bacon, mining man and former Colorado legislator, was arrested here today on his return from Denver, where he attended the funeral of his wife, and her daughter, Josephine Davidson, killed in an explosion which wrecked the Bacon home here on April 28th, and charged him with the murder of the two.

The explosion was at first thought to have been accidental, resulting from an attempt to thaw dynamite in a kitchen stove oven. Later Bacon declared his belief that enemies had blown up the house. To substantiate this, he told of having received threatening letters. The coroner's inquest failed to clear the mystery. Bacon had just left a hospital where he had been recovering from injuries sustained in the explosion.

ABOLISH PRIBE COMMITTEE AS FEATURE OF BUTTER AND EGG BOARD

Government Will Still Continue Suit Against Butter Board On Conspiracy Charge.

Chicago, May 19.—The price committee has been permanently abolished as a feature of the butter and egg board, according to a report made today to the government by Jhn R. Mitchell, president of the board. The report was made to Master in Chancery Morrison. Assistant District Attorney Welch declared, however, that the government would continue its suit against the butter board in which a conspiracy was charged.

The government alleged that the board arbitrarily fixed the price of butter at a lower figure than was paid on the street here and that the farmer was kept in ignorance of the real price paid.

"HAPPY JACK" CORBETT DEAD.

Burlington, Ia., May 19.—Word has been received of the death of Jack Corbett, at Shelby, Neb., today. Corbett was signed by President Justice as umpire in the Central association, but ill health prevented him taking a pth work.

Corbett was catcher for Burlington in the old Iowa league, managed Monmouth in the Illinois-Missouri league and Ottumwa in the Central association, and was one of the most popular and effective ball players in this circuit. His death was the result of a long illness starting with pneumonia.

ENGINEERS REPORT CAUSE OF OHIO FLOODS

COMMISSION OF ARMY ENGINEERS FILES PRELIMINARY REPORT

Problems in Ohio River Valley Will Be Best Solved By Clearing the River Channels and Strengthening the Levees.

WASHINGTON, MAY 19.—Artificial contraction of waterways by bridges, cause ways and other structures so placed as to make it impossible for the channels to carry away the enormous amount of water resulting from an unusually heavy rainfall was blamed for the devastation wrought by the Ohio recent floods in a preliminary report filed today by the commission of army engineers appointed by Secretary of War Garrison to investigate the floods and recommend preventive measures.

This board will continue its investigations from time to time for several months. Its function was to meet with state and local engineers in the cities of the flood districts and to investigate with them the flood problems which they are seeking to solve.

In the Ohio district the board visited Dayton, Hamilton, Piqua, Columbus and several other towns which have employed expert hydraulic engineers who later will submit to the federal commission their plans for the control of the flood waters. Investigations thus far prosecuted the report said, indicate that the problems in the Ohio river valley will be solved by clearing the river channels and strengthening levees rather than by the construction of reservoirs.

The board in addition to giving attention to the situation in Ohio has gone thoroughly into the problems presented at Fort Wayne, Indianapolis, Muncie, Terre Haute, and Miami town, Indiana and also has made some investigations in Illinois. Its plan of proceeding has to meet the state and municipal engineers from time to time when regular duties with the army engineer corps would permit.

COLLEGE HILL CLUB IN FINAL MEETING OF YEAR

Miss Martha Weaver, Mrs. Tanner and Daughters, Members of Society, to Leave City This Year.

The College Hill club held its last meeting of year Monday afternoon at home of Mrs. R. P. Joy. The gathering also partook of a "farewell" party for four of the members, Miss Martha Weaver, dean of the Woman's college, who will be connected with a large school in California next year; Mrs. Marion B. Tanner and two daughters, Miss Laura and Anna, who will go east, Miss Laura to teach in Philadelphia.

Miss Jennie Anderson of the Woman's college gave the paper of the afternoon on "The World's Debt to France." It was a remarkably fine paper, closing a most interesting year's study of "French History" from the time of Louis XIV.

After discussion of the subject Mrs. R. A. Gates in fitting words expressed the regret the club feels in parting with the four cherished members, who will not be in Jacksonville the coming year, and in viting them to again "break bread" with the members. Mrs. Tanner was the one who began the club in Jacksonville twenty-five years ago. The closing banquet was most enjoyable and an entire surprise to those leaving the club.

The annual meeting of the district Federation of Clubs will be held in Mt. Sterling, Thursday and Friday of this week, and the club will be represented by Mrs. M. E. Layton and Mrs. E. L. Grouch.

PRESIDENT OF THE STANFORD UNIVERSITY RESIGNS

Dr. David Starr Jordan's Retirement Will Leave Him Free to Devote His Time to the World Peace Movement.

Stanford University, Cal., May 18. Dr. David Starr Jordan, president of the Stanford university resigned today to accept the office of chancellor, which will be created by the board of trustees next Friday for his benefit.

John Casper Branner, professor of geology and since 1899 vice-president of the university will become president.

President Jordan's retirement as active head of the university will leave him free to devote his time to his world peace work.

Dr. Jordan has been president since 1891. He began his connection with the university as a specialist in biology. He is 62 years old.

Prof. Branner, the new president has been at Stanford since 1892 and is a life-long friend of Dr. Jordan.

FOUND NOT GUILTY.

Muncie, Ind., May 19.—Miss Doris Underwood, the Hartford City school teacher, tried on the charge of attempting to kill Otis Fisher, a drug clerk, who she alleges, wronged her younger sister, Ada, was found not guilty today. The jury took but one ballot.

There was a big demonstration in the court room when the verdict was read.

Fisher will be placed in trial tomorrow on a charge filed by Mr. Underwood.

UNION MEN WIN IN CINCINNATI STRIKE

STRIKE DECLARED OFF AND SERVICE WILL BE RESUMED TODAY

Car Men Win Recognition of Their Recently Formed Union and All Old Employees Who Were Discharged on Account of the Strike Will be Reinstated and Return to Work

CINCINNATI, MAY 19.—Conferences between representatives of the Cincinnati Traction company officials and leaders of the striking street carmen's union tonight ended in an agreement by which the strike was declared off and service will be resumed tomorrow. Most of the questions in dispute will be submitted to arbitration.

The street car men won the vital point for which they were contending, recognition of their recently formed union but in return conceded the "open shop" principle whereby the company will be allowed to employ non-union workers. The company also pledges itself to an increase of wages to all union and non-union employees without discrimination but the amount of the increase is subject to arbitration.

The union also won the point that all the old employees shall return to work and those who were discharged after the union was formed and before the strike was declared shall be re-instated.

The strike was declared Friday May 9th, and has resulted in a complete tie-up of street car transportation since then. Efforts of the company to move its cars caused serious rioting.

NEW AUTOMOBILE FIRE TRUCK ARRIVES IN CITY MONDAY MORNING

Machine is Driven About City— Will Be Tried Out As Soon As Fire Engine is Ready.

Monday morning the new automobile fire truck for the city fire department arrived in the city and was driven about the city a while Monday morning by W. H. Moore, who came from the factory with the machine. As soon as the rubber tires are put on the fire engine, the new apparatus will be tried out.

The machine, made by the Harder Auto Truck company, is a large truck, carrying an eighty gallon chemical tank, regulation fire hose, a number of ladders and will be used to pull the fire engine. The length of the machine over all is 22 feet 4 inches and it is painted red, trimmed in gold and black. It will carry 2,000 feet of water hose and 500 feet of chemical hose.

The motor is ninety horse power and the machine is equipped with a Gray-Davis electric self-starter, three large electric search lights and three smaller ones.

Accompanying the machine here with Mr. Moore was Frank Benz, Jr., vice-president of the company. Mr. Moore was chauffeur for Chief Hand of the Chicago fire department who was killed in the stock yards fire. Mr. Moore was injured in the same fire and retired from the department.

FOREIGNERS PROTEST AGAINST TARIFF BILL

Protests of All Foreign Nations Will Be Considered By Finance Committee

HINDRANCE TO TRADING

Administrative Features of the Bill it is Claimed Would Add to Hindrances to Trading With U.S.

MANY COUNTRIES HEARD FROM

WASHINGTON, MAY 19.—While Democratic senators are wrestling with home manufacturers, protesting against numerous rates in the Underwood bill, they are also confronted by protests from foreign countries against administrative features of the bill and the provisions that would grant a five per cent reduction of the duty on imports in American bottoms.

Protests from England, Germany, France, Italy, Australia and other countries have been lodged with the state department and communicated to the finance committee, where they will first be considered by a sub-committee.

The attention of the committee is called to a meeting of the National Association of Industry and Commerce of France, a few days ago, at which the Underwood bill was condemned, the administrative features of which, it was claimed, would arbitrarily increase the hindrances to trading with this country.

From many countries have come protests against that new provision in the bill which would give the secretary of the treasury authority to exclude from entry goods of merchants or manufacturers who refuse to submit for inspection by United States agents their accounts pertaining to valuations or classification of merchandise whenever disputes arise. The present attitude of the committee and the administration is to adhere to this provision, the claim being that it will not be abused and will serve as a bar to professional defrauders. Foreign governments maintain that it will result in unusual trouble.

One request of the foreign governments is for a return to a provision of tariff laws before the Payne-Aldrich bill which in cases of disputed valuation would give the appraiser the right to increase five or ten per cent. Such a provision was originally included in the Payne-Aldrich bill but it was not there when the bill passed, the claim being that it was unintentionally omitted. Consideration of all these protests will be taken up by the finance committee soon.

Sub-committees today listened to protests from thread and wire manufacturers. Tomorrow the full finance committee will meet to determine among other things how much more time sub-committees shall give to private hearings. The matter of sending out Senator LaFollette's series of questions on tariff to manufacturers also will be considered.

Referred to Labor Committee. After more than a week of debate the senate tonight referred to the education and labor committee Senator Kern's resolution for a federal investigation of conditions in the West Virginia coal fields. Senator Kern announced on the floor before the vote was taken that an agreement had been reached to refer the resolution and it was understood that the committee would report it out within a few days. It will then come before the senate for final action.

TENNIS TOURNAMENT.

The tennis tournament at the Woman's college started Monday and will be concluded the last Saturday in May. Considerable interest is manifested and there are sixteen contestants.

STATE I.O.R.M. COUNCIL NOW MEETING HERE

ONE THOUSAND DELEGATES IN
THE CITY TO DISCUSS RED
MEN AFFAIRS.

Main Business Session With Election of Officers Will Be Held Today—Seventy Took Past Sachem's Degree—Per Capita Tax For Orphans Will Be Theme of Most Discussion—Mattoon and Springfield Want 1914 Convention.

Springfield and Mattoon are seeking to secure the 1914 great council of Red Men with the chances in favor of Springfield. Last night the estimated number of delegates at Jacksonville for this year's great council was 1000 and several hundred more will arrive this morning. Visits to the State School for the Deaf and the State School for the Blind occupied the afternoon hours Monday and at night the past sachem's degree was given to a class of seventy at the wigwam of Delaware tribe. Later the Chicago delegation put on work in splendid style at the Grand opera house when twenty-eight candidates were initiated. Daughters of Pocahontas are here in large numbers and last night enjoyed a reception at the Pacific hotel followed by a complimentary dance at the Peacock Inn given by Iona council.

This morning the business of the grand council will open at Armory hall. In the afternoon a program will be given for the visitors at Illinois Woman's college and tonight there will be a dance and band concert at Nichols park.

The Chicago delegation with their band arrived Sunday afternoon at 5:15 over the Wabash. There were eighty in the party including a band and on the same train came thirty delegates from Danville. Hundreds of Redmen and their friends met the visitors at the station and marched with them to the Dunlap. At night the Chicago band with Jeffries band gave a concert at Nichols park when one of the greatest crowds the park has ever seen was present.

Honors For Jacksonville Men.
Monday morning about nine o'clock the Chicago delegates with their band marched to the home of Mayor and Mrs. G. W. Davis and gave them a serenade and then presented Mrs. Davis with a great bunch of roses. The same program was carried out at the home of Mr. and Mrs. J. F. Brennan. The gifts were from the Chicago Red Men central committee and the presentation speeches were made by J. A. Kapps, chairman of that committee. It goes without saying that the recipients, who have a very warm place in the regard of Illinois Red Men, were both pleased and surprised by the honors shown them.

Later the band serenaded the Courier and Journal offices, the Ayers National bank, the Jacksonville National bank and the F. G. Farrell & Co. bank. The visitors were taken all through the Ayers bank building and greatly enjoyed seeing the many attractive features of that splendid edifice. While on the roof the band played several selections.

In the afternoon the visitors went to Illinois State School for the Deaf and to the State School for the Blind where splendid programs were given in their honor. All visitors have been provided with street car tickets which entitles them to ride at any time during their stay in Jacksonville.

To Discuss Per Capita Tax.
One of the chief matters to come before the council today will be that of the per capita tax for the support of orphans. The last national camp fire delegated the matter of the care of the orphans to the different states instead of caring for them out of the national funds and in order to properly care for the orphans of the Illinois members it is thought that a raise in per capita tax from eight to twenty-five cents will be necessary. The Red Men do not believe in the principle of the orphans' home and in all cases care for the orphans of members in families where their care is paid for. The raise will make a total of \$4,000 on the 16,000 members of the order in this state.

The matter of changing the date of the annual meeting from May to September will also be brought up for decision.

Interest in the election to be held today centers about the office of Great Junior Sagamore. Mr. Park of Decatur, Mr. Sweet of Marshall and Mr. Burpo of Peoria are avowed candidates and it is understood that Mr. Hinners of Virginia and Mr. Sustan of East St. Louis may get into the race today.

A special session of the great council of Illinois Improved Order of Red Men was opened in Delaware wigwam at the 7th run, 22nd breath of the setting of the sun on the sleep of the 19th sun of Flower Moon G. S. D. 422, by Great Sachem Harry C. Stuttle of Litchfield. The stumps were filled as follows:

Great Sachem—Harry C. Stuttle, Litchfield.
Great Senior Sagamore—A. L. Somers, Westville.
Great Junior Sagamore—W. E. Stone, Mason City.
Great Prophet—William B. MacFarran, Chicago.
Great Chief of Records—O. L. Whitmer, Springfield.
Assistant Great Chief of Records—W. M. Reher, Pana.
Great Keeper of Wampum—Joseph Brennan, Jacksonville.
Great Sanna—Jacob A. Kapps, Chicago.
Great Guard of Wigwam—Thomas Harvey, Coffeen.
Great Guard of Forrest—A. H. Sutherland, Mattoon.
After Great Sanna Kapps had taken up the password Great Prophet MacFarran invoked the great spirit. After which the senior sagamores

declared the council fire kindled in ample form at the 7th run and 31st breath. Great Sachem Stuttle appointed the following committee on credentials:

Sol H. Blank, Mount Carmel.
William F. Bigelow, Chicago.
George M. Newton, Aurora.
H. T. Richardson, Moweaqua.
John Johnston, Witt.

The credentials committee retired and returning reported the list of past sachems who were entitled to the great council degree. The report of the committee was approved as read, and the great sanna retired and introduced the candidates who were then given the degree. Great Sachem Stuttle instructed the new candidates in the secret work and communicated the great council password after Great Prophet MacFarran had given the candidates the pledge of honor. The great sanna retired to ascertain if any more past sachems were in waiting and reported. They then proceeded to quench the council fire. Great Prophet MacFarran invoked the great spirit and upon instruction by Great Sachem Stuttle, the council was quenched by the declaration of Great Senior Sagamore Somers at the 8th run and 12th breath, setting of the sun.

The chiefs then adjourned to the Grand Opera house where the adoption, warriors, and the chiefs degrees of Redmanship were conferred upon a class of pale faces, assembled from all over the state; the degree work and ritualistic ceremonies being conferred by the degree team of Chicago chapter of Red Men.

Our Stock of Dresses

In selecting the manufacturers from whom to purchase our Dresses, one of the supreme considerations is their ability to create styles that are distinctively original and strikingly beautiful. That we have succeeded and are succeeding in a highly gratifying measure is evident from a casual inspection of the splendid offerings now on display in our Dress Department. On some of these very desirable models the note of individuality is so pronounced as to make it advisable to offer but a limited quantity, and, because of this, we suggest an early call while the selection is wide and the stock complete.

Lamodina; Martineville; B. E. Bennett, Kirkwood; Walter Ellis, J. L. Smith, Clinton Crum, Beardstown.
The degree work was given by the Chicago degree team which is composed of:

R. Wagon, first warrior; William Ludemann, guard of wigwam; A. T. Anderson, first brave; George Cook, first sannah; J. C. Colby, sachem; H. Swanson, second sannah; E. A. Rhodes, third brave; Rex Kammann, second brave; Henry Welker, second warrior; George Reininghaus, property man; B. Pinkus, sannah; M. A. Davis, senior sannah; J. T. Linder, fourth warrior; F. J. Björn, second brave; R. D. Lilly, fourth brave; J. L. Laubner, third warrior; Glen F. Probst, prophet; Gus Miller, second scout; M. B. Nagle, captain; Charles Rieck; first scout; George J. Gee, junior sannah.

This team is made up of men picked from the twelve Chicago tribes and is one of the best in the state. The work was exemplified in a manner that fully upholds the team's reputation, and according to an old Delaware warrior it was "one of the best pieces of work I have seen." In preparation for the work in this city the team has given quite a little time to rehearsals and the work of every man was of such a standard that each is deserving of especial compliments. The work was a revelation to the visitors and at the close the men were showered with applause.

Luncheon at Colonial Inn.

PARASOLS, IN THE NEW DOME SHAPE, SPECIAL AT \$1.98

Everyone who has seen these new sun-shades has become enraptured with their beauty. The new dome shape is a decided departure from the lines upon which parasols were formerly made, the cover extending far down and enveloping the features in a manner which is most bewitching.

In purchasing this assortment we endeavored to include all the wanted shades, so that every woman may have a parasol to harmonize with the rest of her outfit. Some are of pure white with colored stripe or fancy borders, others in nobby figured effects—and a number of styles are featured in the Bulgarian silks. (See display in South Window.)

There is nothing cheap about these sun-shades but the price. The covers are of first quality silk and should retail at \$2.00, \$2.50 and \$3.00; but to introduce the new style we are offering you choice of the lot, for this week only, at.....\$1.98

DR. TANNER SPEAKS AT PUBLIC LIBRARY.

Concludes Series on Classic Drama in Address on Iphigenia Monday Evening.

A good sized audience was present at the public library Monday evening to hear the concluding number of the talks on classic drama before the Drama League, the "Iphigenia in Tauris," of Euripides, by Prof. Rollin H. Tanner of Illinois College. Besides giving a resume of this Greek legend, Dr. Tanner made several comparisons between ancient drama and the play of modern times. He said in part:

"In order to gain a clear idea of the original production of Euripides Iphigenia in Tauris, which is to be given here by the Coburn Players, we will imagine ourselves in ancient Athens in the year of 414 or 413 B. C. It was the time of the great spring festival in honor of Dionysus. A vast throng of 20,000 people are gathered in the out-door theatre, all crowned with garlands and presenting a festive spectacle. After the preliminary ceremonies the people are treated to a continuous feast of drama and choral songs for three days. One of these plays is the Iphigenia.

"The story of the plot is as follows: Iphigenia, the maiden daughter of Agamemnon whom every one thought had been sacrificed to Artemis at Aulis, was in reality rescued by her and spirited away to the land of the Taurians, where she became her priestess. There it was her duty to sacrifice to the goddess all strangers who landed in the country.

"Orestes, her brother, who is driven from land to land by the Furies, as a punishment because he has killed his mother, is promised relief by the oracle if he will take the statue of Artemis from the land of Taurians and carry it to Greece. He and his faithful friend Pylades arrive in the Taurian country, are captured and brought to the temple for sacrifice.

"When Iphigenia learns that they are Greeks, she offers one of them his freedom, if he will convey a letter to her people in Argos. Orestes refuses to save his life at the sacrifice of his innocent friend and it is arranged that Pylades shall carry the message and Orestes be slain at the altar. That Pylades may be able to deliver the message even though the letter may be lost, Iphigenia decides to read it. It is a letter to her brother Orestes imploring him to rescue her from the barbarian land of the Taurians. This leads to one of the most dramatic recognition scenes ever concerned by any tragic poet.

"Iphigenia, Orestes and Pylades then plan to escape and carry the statue of the goddess with them. Iphigenia cravily, plays upon the superstition of the king and they would have made good their escape if the wind had not forced them back to shore. They are about to be sacrificed again, when the goddess then appears and forbids the king to detain them.

"A unique feature of the play, as compared with our modern plays, is the choral dance accompanied with singing and the music of the flute, between the acts or episodes. In the out-door performance on the Illinois college campus next week, the ancient Greek setting of the play will be faithfully represented."

PARENT-TEACHERS' MEETING.

A parent-teachers' meeting will be held at the Lafayette school this afternoon at 3:30 o'clock. This will be the last meeting of the year and the election of officers will be held. Prin. W. A. Gore of the high school will give the address.

Pine Apple Juice

Ripe Pine Apple has long been known as one of the most healthful of fruits, containing as it does fruit acids salts and sugar in combination peculiarly suitable for dietetic purposes.

In Dole's Pure Hawaiian Pine Apple Juice these properties are presented in the form most easily and conveniently assimilated.

It thus combines marked remedial qualities with its natural advantage of being a delicious and refreshing beverage.

Serve cold over crushed ice or chilled in the bottle.

A glassful at any time will prove both pleasant and beneficial.

GRAND COUNCIL OF POCAHONTAS

BUSINESS SESSIONS IN NEW I. O. O. F. HALL.

Question of an Additional Assessment for Orphanage Fund and Election of Officers to Come Up—Members Enjoy Dance Last Night—Initiation Part of Program.

The grand council of Pocahontas has a full program outlined for today, the sessions to be held in the new Odd Fellows temple on East State street. Last night the guests were tendered a complimentary dance at the Peacock Inn by members of Iona Council No. 97 of this city.

The business session of the council will commence this morning at 9 o'clock, this being the 15th annual assembly. Aside from the election of officers, the question of voting an additional sum per capita for the care of orphans of members will be discussed and voted upon. It seems to be a prevailing opinion among the members that the most of them are inclined to favor the addition of tax. The regular officers of the order will advance just one office, according to the usual custom. This will mean Miss Carrie L. Gee of Chicago will be elected to the highest office, Great Pocahontas, which is now held by Mrs. Anna M. Boggs.

There is also a lively race on for the office of Great Minnehaha. The candidate being Mrs. Anna Burkey, Bloomington; Mrs. Annie Helen, O'Fallon; Mrs. Alice Caton of Mattoon. The sentiment prevails that the coveted place will go to Mrs. Burkey. There is also a race for the office of Great Keeper of Records, the contestant being Mrs. Laura Larson of this city and Mrs. Nellie Geutzier of Decatur. Mrs. Geutzier having held the office for a number of years.

A large number of candidates will be initiated into the order at 7 o'clock this evening, the work to be conferred by Minnetonka, Council No. 71 of Jacksonville, Minnehaha Council No. 1 of Bloomington and Oneta Council No. 76 of Decatur.

The present officers are:
Great Pocahontas—Anna M. Boggs Kewanee.
Great Winona—Carrie L. Gee, Chicago.
Great Minnehaha—Mary DeLay, Danville.
Great Prophetess—Florence Upton O'Fallon.
Great Keeper of Records—Nellie Geutzier, Decatur.
Great Keeper of Wampum—Sadie Kerr, Collinsville.
Great First Scout—Nellie M. Painter, Galva.
Great Second Scout—Agnes E. Sells, Pontiac.
Great Guard of Forest—Laura Larson, Jacksonville.
Great Guard of Tepee—Vera J. Curry, Peoria.

LETTER FROM FLORIDA.

St. Cloud, Fla.

Dear Journal:
We are having beautiful weather and have had several showers of late. Yesterday we had roasting ears for dinner, as well as new potatoes, tomatoes and fresh blackberries. The corn we planted about the 15th of February. We still have strawberries. Many families besides having a quantity to eat have had all they wanted to put up.

A good many St. Cloud people are out of town at present, but there are enough left to have a good time. Our Sunday school class is planning to go camping the last of June or the first part of July on a beautiful lake near here. We were boating on this lake last Sunday, traveling seven miles to a place called Fell point, a spot especially known for its beautiful wild flowers.

There is an old English fortification here, built of brick with a court filled with all kinds of ferns. The colored family who care for it are experts at getting up an old fashioned southern chicken dinner and making the genuine brand of old-fashioned corn bread.

We are not planning to come home very soon, but will try spending a summer in St. Cloud.

We are building a new house, which, however, has been delayed by the sickness of the carpenter. We have enjoyed the letters of Mr. and Mrs. McCarty.

Your friends,
John Thorndike,
Mary Thorndike.

TOM NORTH IN CITY.

Tom North is in the city in the interest of the Great Magician Raymond, who is to appear at the Grand Opera house. There is no better known man in the theatrical world than Tom North, as he has traveled in all parts of the world, and his experiences makes him a most valuable man for Raymond, whose work on the stage is most brilliant. North has turned Jacksonville with some splendid attractions. Tonight officers of the Red Men will occupy boxes at the Grand, together with the mayor and city commissioners.

OLD ENGLISH KITCHENS.

Where Not One but Two or Three Oxen Might Be Roasted.

The kitchens of olden times seem to have been of extraordinary size, judging from the investigations made by an English historical society. At Hurstmonceux, for example, there was a kitchen twenty-eight feet high, with three huge fireplaces and a bakehouse with an oven fourteen feet in diameter.

There is an old Welsh kitchen near Llandudno, dating from the fifteenth century, which has many primitive culinary contrivances, now obsolete or superseded by modern devices. Among these curious old devices may be mentioned a meatjack with a flywheel, a steel toasting stand and a fan bellows.

At Battle abbey there is a curious old kitchen containing much of interest to the antiquary, and a kitchen at St. Mary's hall, Coventry, is remarkable for the famous "knives' post," to which, it appears, refractory scullions were temporarily attached by way of punishment.

There is a medieval kitchen at Westminster abbey, although little remains by which to identify it aside from the rubble flooring, the buttery hatch and an adjoining cellar. Hampton Court palace shows its "great kitchen," with vaulted roof and sets of antlers on its walls.

Englishmen of other days fully recognized the advantages of a large kitchen. There is extant an order, dated April 19, 1206, wherein Hugh de Nevill is commanded to have the king's kitchen at Clarendon roofed with shingles and to cause two new kitchens to be erected, one at Marlborough and the other at Ludgershall, in which "to dress" the royal dinners. In this order it is stated that "it is particularly directed that each kitchen shall be provided with a furnace sufficiently large to roast two or three oxen."—Harper's Weekly.

BANK DEPOSITS.

Guaranteed by a Network of Devices to Insure Their Safety.

From the moment a depositor lines up before the receiving teller's window of a bank and lays his bills on the counter until he again receives back his money from the paying teller his deposit has been surrounded by a net work of devices to insure its safe keeping. It has been subjected to the rigid banking laws of the state or nation to a guardianship by a host of public officials, by steel and by time locks, by the vigilance of the bank officials and the surveillance of bonding companies.

And yet in spite of this constant effort, though the depositor rarely loses himself, sometimes his money mysteriously disappears, and until the guilty person is detected the shadow of a doubt hangs over the personnel of that bank, from the office boy to the president. Such, however, is the system of vigilance by which the public through its agents of the law guards funds on deposit that it is only rarely that the money so taken is not recovered.

The marvel is not that men daily, hourly, tempted with opportunities to perjure the wealth which passes through their fingers sometimes yield to this temptation, but that the percentage of loss from theft which the banks of the country sustain is not greater than it is. Indeed, so unusual is the occurrence of a theft by a member of the bank's personnel that when such is the case the bank's nervous organization is thrown out of equilibrium. The bank as a bank never rests until the theft is uncovered and the guilty man is made to reimburse the cash taken.—William Buckley in Leslie's.

Three Stars.

It was Lolo Fuller, the famous dancer, who introduced Dumas the younger to Flammarion when they met in her dressing room at the Athenae. She tells of it in "Fifteen Years of a Dancer's Life."

"Is it possible that the two most distinguished personalities in Paris are not acquainted with each other?" she said. "It is not so remarkable," replied Dumas, "for you see Flammarion dwells in space, and I am just a cumberer of the earth." "Yes," said Flammarion, "but a little star come out of the west has brought us together."

NEBRASKA TORNADO.

Valpariso, Neb., May 19.—A small tornado struck a corner of this town early this evening, demolishing a church and half a dozen residences, but so far as known no person was injured. Additional damage is known to have been done in the country to the northeast of here but its extent was not believed to be great.

ESCAPED BANDIT CAPTURED.

Kansas City, Mo., May 19.—William LaTrasse, train bandit who escaped from jail at Kansas City, Kan., after robbing a Missouri Pacific train Christmas night two years ago, is in jail at St. Menard, Ill., according to a message received here from Chief of Police Zimmerman of Kansas City, Kan. Chief Zimmerman positively identified LaTrasse in the Illinois town.

PRESENTED LAETARE MEDAL.

South Bend, Ind., May 19.—The Laetare Medal, presented annually for thirty years by the University of Notre Dame to some member of the Catholic church distinguished for service to the church, to the country, art, or science, was presented tonight to Charles S. Herbermann, editor in chief of the Catholic encyclopedia. The presentation was made by Cardinal Farley at New York.

The Ladies' Aid society of Centenary M. E. church will meet Thursday evening with Mrs. James Cridland on South Diamond street.

The Prisoner of Zenda

IN MOTION PICTURES.

For the first time in the history of the film, the New York daily newspapers have departed with unprecedented unanimity from their customary conservatism toward motion pictures to pay tribute to "The Prisoner of Zenda." The following comments command and commend your interest:

"Biggest of all hits in the history of the film play"—N. Y. Journal.
"Real achievement—a piece of artistry."—Morning Telegraph.

"Unexpectedly successful."—N. Y. World.

"Unusually elaborate and effective."—N. Y. Sun.

"More substantial and better settings than ever used on the stage."—N. Y. Press.

"A new standard in dramatic architecture. Vindicating American supremacy in the world of films."—The Moving Picture World.

(Mr. W. Stephen Bush said many more superlative things about the production.)

"The brand of greatness."—Moving Picture News.

This picture was produced under the personal direction of Mr. Daniel Frohman. The best critics say it is the strongest and most elaborate feature ever produced.

STATE NEWS.

Knights of Columbus of Illinois—According to the report of the secretary at the recent state council of the Knights of Columbus the order in Illinois to be in a flourishing condition. During the past year in Illinois the order gained 2411 insurance members and 1728 associate members, and now had a membership in the state of 35,365, of which 13,165 are insurance members and 22,200 associate members.

Is Convicted on Murder Charge—Chasey Bray was found guilty of murder in the White County Circuit Court at Carmit, and was given a sentence of eighteen years in Chester Penitentiary. Attorneys for Bray are preparing to ask for a new trial. Bray shot and killed John Anselmet, a neighbor last September.

Paxton's Gas Plant—Work has been commenced on a new \$40,000 gas plant to be erected in the city of Paxton. The system to be installed is what is known as the Tenney Gas System, the gas being manufactured from coke and crude oil. Between six and seven miles of gas mains will be laid. Gas will be supplied for heating, cooking and lighting. The plant will be in operation about August 1.

International Harvester Company To Build in Peoria—The International Harvester company of North America, the greatest organization in the agricultural implement field, capitalized at \$140,000,000, has fixed upon Peoria as a warehouse, repair and distributing point. An immense six-story building is to be erected in the 1300 block South Washington street, the site now being partly occupied by the A. A. Bushell & Co. roofing plant.

The building will have a frontage on Washington street of 260 feet, with a depth to the alley of 168 feet. Under the agreement reached the building will be erected by Mr. Bushell under a long lease, and will represent an investment of \$250,000.

Did Not Value Affections High—The jury in the Kreider-Mathews alienation suit at Morrison returned a verdict awarding Kreider \$866 of the \$13,000 for which he sued. The jury evidently did not regard Mrs. Kreider's affections as highly as he did from a dollar an cents point of view.

Child Killed By Cars—Goldie May Logan, 6 year old daughter of Albert T. Logan, a fisherman, was instantly killed at the Chestnut street railroad crossing in Peoria Sunday morning at 8:45 o'clock, when she was struck by a cut of C. R. I. & P. freight cars, which were being switched from a siding near the depot to the main track of the Rock Island.

Begins Sentence—Chris Messer, the self-confessed fire bug who burned the Amish church in Morton near Pekin, has begun his sentence in the Illinois state penitentiary at Joliet. Messer might have been held to be criminally insane if he had not entered a plea of guilty. In that case he would have been sent to Chester, and might have been able to regain his freedom.

Farmers Purchase Elevators—The Farmers' Grain and Coal company, of Flanagan, purchased the two elevators and coal sheds formerly owned by Locker Bros. This now gives the Farmers' Grain and Coal company the exclusive grain and coal business here.

Would Work Convicts—Senator W. Duff Percy, of Mt. Sterling, introduced in the senate a bill providing for the Cole ado plan of employment of convicts, or working convicts upon the public highways of the state. The measure provides that trusty convicts be employed upon the roads and also allows them a certain deduction of time for time spent in working on the roads. The National Good Roads association and the State Good Roads association endorse the bill.

AN INDIAN SCENE.

The large show window of the Schmaltz grocery store is very appropriately decorated with reminders of Indian life. A background of mountain scenery with an Indian camp in the foreground and an imitation Redman watching a boiling kettle of water is attractively displayed.

A man living at Auburn, New York, had a severe attack of kidney and bladder trouble. Being a working man, not wanting to lose time, nor to run up a heavy doctor's bill, he cured himself completely by using Foley's Kidney Pills. A year later he says: "It is a pleasure to report that the cure was permanent." He has had no return whatever of the pain, backache and burning. His name is J. A. Farmer, and he says "Of course I recommend Foley Kidney Pills as a very effective cure for kidney and bladder trouble." For sale by the City Drug Store, J. A. Obermeyer.

DR. PRICE MADE ADDRESS TO PUPILS AT BLIND SCHOOL

Chicago Physician Presents Idea That Nervous System is "The Recording Angel."

Down at the School for the Blind Monday morning, at the chapel exercises, Dr. James Russell Price of Chicago made an address which his hearers found of more than usual interest. His theme was "The Recording Angel and Where to Find Him." He presented the opinion that the nervous system of each person is the real recording angel. Dr. Price is a Red Man and is here to attend the state council of the I. O. R. M.

A summary of his address follows: "A superstition has existed regarding an imaginary recording angel, which absolute science reveals to us through the mineral, vegetable and animal kingdoms. His unseen fingers have made the records of

kingdom carries his own recording angel with him, also the book of life in which are recorded the deeds done in the body, whether they be good or whether they be evil.

"It has been the prevailing opinion for years that the brain was the seat of memory, but recent research in the archives of the Almighty has

crystallizations and varied formations in the animal kingdom. In the vegetable kingdom the pencil of the recorder is more clearly shown by the cellular formations, the bifid sex nature and the continuity of various species, which reveals to us many interesting manifestations as per-

materially changed this well grounded belief.

"The brain is the collecting and distributing center of memory, brought to it through the senses. The sense of feeling is effected by contact with material things, or some of the forces of the universe.

self more fully when one or more of This sense of feeling manifests it. The gustatory nerve, or taste, requires the wasting away of some substance to enable its recording angel to make the proper record. The sense of smell through the recording angel, the olfactory nerve, is stimulated by a substance much more attenuated than that which effected the gustatory nerve. The sense of hearing through the auditory nerve uses a still finer and more attenuated substance with which to make his records. Sound has been considered a vibration by many of the so-called scientists, when in reality it is an attenuated substance produced by vibration and conducted through different media at varied rates of velocity. It

GEORGE M. ADAMS,
Editor of 'The Illinois Red Man,' official paper of the Great Council of Illinois.

would be just as absurd to call electricity friction, when it happens to be produced that way, as to call sound a vibration when it is a substance produced by vibration of some sonorous body. Therefore the photographs made by sound substance are recorded in the book of life through the nerve. Optimo is the sign photographer using the iris of the eye back of the lens for his sensitive plate and then carrying the photographs of all the objects seen back of his picture gallery at the end of this nerve. Except when the lens is lost and the impression is made at the recording place.

"Some organs of the body perform their work independent of the recording angel as far as our sense of impression goes, and they are called involuntary muscles or organs.

"The recording angel does better work when two or more senses are stimulated at the same time. We therefore assert, without fear of contradiction, that the genuine recording angel is the nervous system and the record of good or evil made without respect of persons, and the record is established in the way of permanency according to the intensity of the sense impression."

BURLINGTON TO ELECTRIFY LINES AURORA TO CHICAGO

Will Spend Millions in Order to Lessen Smoke Nuisance and Damage.

The Burlington has decided to electrify its lines from Aurora into Chicago, according to the announcement of President Darius Miller to the city council of Chicago. Likewise, the Northwestern, Chicago, Milwaukee and St. Paul, Pennsylvania, Illinois Central, New York Central, Santa Fe and Rock Island, have agreed to pursue the same course between Aurora and Chicago.

The electrification of the roads comes as a result of the war waged against the smoke nuisance by Chicago officials.

Just what sort of an electric engine will be used has not been decided upon but it is believed the Edison storage battery engine will be used by the majority of the lines.

When the "Q" is electrified it will make Aurora the steam terminal of the road. This will be a big change for the firemen and engineers. The electric engines will not be driven by the locomotive engineers.

Robert Redfield, attorney for the eight roads, told the Chicago aldermen that the roads would proceed with their plans as soon as the report of the association of commerce

is completed. This means next January.

Will Spend \$50,000,000.

It is understood that the Burlington intends to spend \$50,000,000 improving the service between Aurora and the electrification of the road. Of this amount more than \$700,000 will be spent in building a new freight yard at Eola, six miles east of Aurora.

It is said the new yards will be the largest in the world. They will be eight miles in length. Ten tracks will be completed this year and a number of others will be added.

Very Remarkable Cure of Liver Complaint.

Mr. Albert Walker, of Procloas W. Va., suffered intense pain in the stomach and right side at intervals for fifteen years. He had consulted eight or ten physicians and while they all agreed that he had liver trouble, they failed to relieve him. He was eventually cured by Chamberlain's Tablets. If you have any trouble with your stomach or liver, these tablets will certainly do you good. For sale by all dealers.

GIANTS TAKE LONG GAME FROM PIRATES

WIN IN FOURTEENTH INNING.
SCORE 3 TO 2.

Camnitz and Marquard Engage in
Wonderful Pitchers' Duel But
Give Way to Pinch Men.

New York, May 19.—New York defeated Pittsburgh today in fourteen innings 3 to 2. Camnitz and Marquard engaged in a wonderful pitchers' battle but both gave way in extra innings to pinch men. Hendrix who relieved Camnitz allowed New York to tie the score in the twelfth and to win out in the fourteenth, when Herzog and Meyers singled with one out. Wagner threw out Herzog at the plate on Wilson's grounder but Burns' long hit to left scored Cooper who ran for Meyers. Score:

CHANCE'S HIGHLANDERS WIN FIRST OF SERIES FROM BROWNS

St. Louis Will Probably Protest
Game as Chance Batted Out of His
Turn.
St. Louis, May 19.—New York won the first game of the series from St. Louis today by score of 8 to 6. St. Louis undoubtedly will protest the game on account of Manager Chance batting out of his turn in the eighth inning. New York bunched five singles with two bases on balls and an error for seven runs in the eighth inning.

Inning.
Boston, May 19.—Connell, whose home run drive with three on bases in the ninth inning helped Boston to tie the score, contributed to his team's defeat in the tenth when he dropped Clarke's fly.
Clarke scored on Becker's single. Cincinnati winning 9 to 8.
Cincinnati apparently had the game when Boston came to the bat in the ninth five runs behind but Benton weakened and was succeeded by Johnson who passed Meyers, filling the bases. Connolly's home run followed by Sweeney's single, caused Johnson's retirement.

Champs Six Runs in Fifth—Game
Called in Eighth.

Chicago, May 19.—Joe Wood, the "Smoke Ball" star pitcher of the world's champions, had the locals at his mercy to day and Chicago lost 1 to 10. The game was called in the eighth inning on account of darkness.

Scott's wildness coupled with opportunity hitting gave Boston six runs before Scott was replaced in the fifth inning by Smith. All the errors made by the locals were costly.

Philadelphia, May 19.—Philadelphia made a clean sweep of the series of three games with Chicago, the visitors losing today 10 to 4. Chicago got a lead of three runs by hitting Brennan hard in the first two innings but after that the home twirler had things his own way.

In the third inning Philadelphia piled up six runs on four hits and three bases on balls off Lavender and an error by Phelan.

Zimmerman was ordered off the field in the fourth inning by Umpire Byron for disputing the latter's decision. Score:

ANOTHER KIND OF DYNAMITE TRIAL

Boston, May 19.—William M. Wood, the millionaire president of the American Woolen company, with Dennis J. Collins and Fred E. Atteau were arraigned in the Suffolk superior court today to stand trial on an indictment charging them with conspiracy in connection with the "planting" of dynamite in Lawrence for the purpose of inflaming public opinion against the striking mill operatives last summer. Eminent counsel has been engaged for the defense and the trial promises to be one of the most notable legal battles in the history of Massachusetts.

ON THE SIDELINES.

Plenty of good Cub and Sox fans among the visiting Red Men and they have temporarily buried the hatchet in these happy hunting grounds.

Joe Wood having regained his usual form the Red Sox may be expected to play a more consistent game from this out. And the line up now looks something like the regular list which should be a further aid. That team has the class all right and has to be considered when the talk switches around towards pennant prospects.

The Athletics have no terrors for the doughty warriors of Cleveland. The western teams are showing that they can more than hold their own against the easterners.

Detroit is actually picking up and showing that they are far from being all in. Cobb made one of his famous runs from first to third on a single by the batter following him and then added to it all by stealing home when Johnson started to wind up and Alinsworth was ready and waiting with the ball. The pulling off of such little unexpected stunts as these are what has made Ty the wonder that he is.

This time it's Gardner whose out of the Boston's line up. Janvrin is substituting for Larry. This youngster is quite a classy sort of a ball player and in a year more will be ready for a regular berth.

Mr. Murphy has denied that he expects to shake up the Cub. And why, pray. A general overhauling seems to be in order. It has been years since a Chicago club in the National league made a poorer showing than the Evers crew did at Philadelphia. And they appear to be going from bad to worse. A shake up can't come too soon. The pitching corps simply ain't there. They seem to be started for the second division to stay during the rest of the eastern trip at least.

Jacques Fournier has temporarily displaced Babe Borton at first base for the White Sox. Unless the Frenchman displays a bit better form at bat in the next few days Borton will be back on the job. The lay off should have done the big fellow good.

Chance showed that his team wasn't downcast over its poor showing in Chicago by coming right back and whipping the St. Louis Browns in handy style.

Lo and behold the lowly Tigers are on the rampage once more and yesterday had the audacity to show that the mighty Athletics were only common folk after all.

Cincinnati just got under the wire first this time. It was a narrow squeak.

The Giants are making every game count these days. And if you will notice the Brooklyn Superbs are not letting the grass grow under their swift flying feet.

Our old friend and fellow ball fan, Tom North, ahead of Raymond, the Great, dropped in unexpectedly for a fanning bee. While of course Tom places his star ahead of everything else these days, he still has time for a chat over what the big teams are doing. There's hardly a corner of the earth he hasn't been in and where ever he goes the scores are the first thing he asks for.

Bad luck for Brooklyn to have their star pitcher injured just when they are at their best. But then these accidents are always looked for and guarded against as far as possible, though non the less dreaded.

BROOKLYN TAKES ELEVEN INNING BATTLE FROM CARDS

Rucker, Who Starts Game, Injured
His Hand and Will Be Out For
Several Days.

Brooklyn, May 19.—The Brooklyn and St. Louis teams wound up their series with an eleven inning battle to day, the locals making it three straight by a 2 to 1 score.

Rucker, who started off for Brooklyn, injured his hand in stopping a ball in the first inning and had to retire.

He will be out of the game for several days. Konetchy's single, Cather's sacrifice, an out and Whitte's hit sent across the only St. Louis run in the fourth. Brooklyn tied the score in the sixth and the teams then fought evenly until the eleventh.

The score:
St. Louis . . . 000 100 000 00—1 8 2
Brooklyn . . . 000 001 000 01—2 8 0

TIGERS TAKE SERIES OPENER FROM ATHLETICS

Willet Holds Philadelphia Hitless
in All But Third and Eighth In-
nings.

Detroit, May 19.—Willet held Philadelphia hitless in all but the third and eighth innings today and Detroit took the opening game of the series 9 to 3.

The Tigers hit Wyckoff and Bush hard, Cobb leading the assault with three clean singles.

Detroit ran bases almost at will while Thomas was behind the bat and he was relieved in the fourth inning by Lapp. Score:
Philadelphia . . 003 000 000—3 6 0
Detroit . . . 104 010 30—9 10 1
Batteries—Wyckoff, J. Bush and Thomas; Willet and Stancage.

SCIENCE PREVENTS BALDNESS

The Fatal Germ and Its Remedy New
Facts of Science.

It is the rarest thing in the world for
a man to be necessarily bald. No man
whose hair is not dead at the roots, now
as told it he will use Newbro's Herp-
side, the new scalp antiseptic. Herp-
side destroys the germ that cuts the hair
off at the root, and cleans the scalp of
dandruff and leaves it in a perfectly
healthy condition. Mr. Mannett, in the
Gayland Block, Butte, Mont., was ex-
actly bald. In less than a month Herp-
side had removed the enemies of hair
growth, and nature did its work by cov-
ering his head with thick hair an inch
long and it took him a normal
bit of hair. Sold by leading druggists

Healthy Baby is Precious Blessing

To Make It Healthy and Keep It
Healthy Use a Reliable Baby
Laxative.

In spite of the greatest personal
care and the most intelligent atten-
tion to diet, babies and children will
become constipated, and it is a fact
that constipation and indigestion
have wrecked many a young life. To
start with a good digestive ap-
paratus is to start life without
handicap.

But as we cannot all have perfect
working bowels we must do the
next best thing and acquire them,
or train them to become healthy.
This can be done by the use of a
laxative-remedy very highly recom-
mended by a great many mothers.
The remedy is called Dr. Cald-
well's Syrup Pepsin and has been
on the market for two generations.
It can be bought conveniently at
any drug store for fifty cents or one
dollar a bottle, and those who are
already convinced of its merits buy
the dollar size.

Its mildness makes it the ideal
medicine for children, and it is
also very pleasant to the taste. It
is sure in its effect and genuinely
harmless. Very little of it is re-
quired and its frequent use does
not cause it to lose its effect, as is
the case with so many other reme-
dies.

Thousands can testify to its
merits in constipation, indigestion,
biliousness, sick headaches, etc.,
among them reliable people like
Mrs. M. Johnson, 752 Dayton St.,
Kenosha, Wis. She is the mother
of little Dorothy Johnson who was
always in delicate health until her

DOROTHY JOHNSON.

mother gave her Dr. Caldwell's
Syrup Pepsin. Mrs. Johnson says:
"I never saw such rapid improve-
ment in the health of anyone.
Syrup Pepsin is a wonderful reme-
dy and I shall never be without it
again." Thousands constantly in-
crease the number of the family
can use it from infancy to
old age. The users of Syrup Pepsin
have learned to avoid cathartics,
salts, mineral waters, pills and other
harsh remedies for they do but
temporary good and are a shock to
any delicate system.

If no member of your family has
ever used Syrup Pepsin and you
would like to make a personal trial
of it before buying it in the regular
way of a druggist, send your ad-
dress—a postal will do—to Dr.
Caldwell, 417 Washington street,
Monticello, Ill., and a free sample
bottle will be mailed you.

MANUFACTURERS MEET

IN DETROIT.
Detroit, May 19.—The National
Association of Manufacturers, repre-
senting 4,000 of the largest concerns
of the United States, began its 18th
annual convention today at the Hotel
Ponchartrain in this city. Of late
years all of the conventions of the
association have been held in New
York. The holding of this year's
year's meeting in this city has result-
ed in an unusually large attendance
of members from the middle west
and western states.

The convention devoted the open-
ing day to executive business, but
the program for the subsequent ses-
sions calls for the reading of papers
dealing with the progress of busi-
ness, reports of committees and a
discussion of the tariff situation and
business conditions.

The convention will be addressed
by James O. Fagin of Massachusetts
widely known as the "tavernman
author," on "The Riddle of the Rail-
roads"; by Joseph Johnson, fire com-
missioner of New York city, on
"The Riddle of the Railroads"; by
Joseph W. Bryce, president of the
Trades and Workers association, on
"The Open Shop."

Others of prominence who are
scheduled to address the several ses-
sions include District Attorney Chas.
W. Miller of Indiana, who convicted
the dynamite conspirators; Harry A.
Wheeler, president of the Chamber
of Commerce of the United States;
William J. H. Boetcker of Toledo,
representing the Citizens' Industrial
association, and William G. Brantley,
former member of congress from
Georgia.

At Wednesday's session the elec-
tion of officers will take place. John
Kirby, Jr., whose term as president
of the association expires, has in-
dicated his reluctance to accept a re-
nomination, though strong pressure
is being brought to bear to induce
him to serve again.

During the first week of May the
Alton earned \$265,927, which is an
increase of \$26,677 over the same
week a year ago. From July 1 the
road has earned \$31,014,656, which
is an increase of \$426,691 over the
same period in the fiscal year pre-
ceding. Business in May will likely
show an equal increase. While a few
coal mines have closed for the sum-
mer the majority are still in opera-
tion on whole or half time and this
keeps coal traffic ahead of normal
proportions. Usually the coal move-
ment in May is very light and there
has been a large volume in transit
this month. All classes of traffic are
holding up well and the prospects
are for continuation.

Wives Pleadings Fail to Cure Drink Habit

Because—The bitter experience
of thousands of good men, their
helpless wives and suffering families
and the experience of Doctor Neal
and his staff of able physicians in
charge of Neal Institutes located in
60 principal cities, proves that the
man or woman who indulges con-
stantly or excessively is just as
much in need of scientific medical
help to regain health and save life
as the person afflicted with typhoid
fever. No man can or will per-
manently stop drinking so long as
there is "internal fire" caused by
the accumulated and stored up
poison of alcohol in his system.

it removes the cause and overcomes
the effects of excessive indulgence."

RETURN FROM EAST.
E. E. Crabtree has returned from
attending a meeting of the executive
council of the American Bankers' as-
sociation, of which he is a member,
held at Briarcliff, N. Y., May 5 to 7.
All business of the association aris-
ing between sessions of the associa-
tion proper is referred to this com-
mittee and all sub-committees of the
association meet at the same time.
The topics discussed at this meeting
were arranging of the program for
the meeting of the A. B. A. at Bos-
ton in October, the discussion of in-
come tax and currency legislation
now before congress, a revision of
the constitution of the association
ordered at last meeting of A. B. A.
to be reported on this year at Bos-
ton and many matters of minor im-
portance. From Briarcliff practi-
cally all the committeemen went to New
York city and then scattered to var-
ious eastern points or home. Mr.
and Mrs. Crabtree went to Boston,
where Mrs. Crabtree will remain at
Wellesley, a suburb, until after
graduation of her niece, Miss Mary
Wadsworth, from Wellesley college
in June.

BAD BREATH

It's Your Duty to Get at the Cause
and Remove it—A Word to
the Wise, You Know.

Dr. Edwards' Olive Tablets, the
substitute for calomel, oil the
bowels and positively do the work.
People afflicted with bad breath
find quick relief through Dr. Ed-
wards' Olive Tablets. The pleasant
sugar-coated tablets are taken for
bad breath by all who know them.
Olive Tablets act gently but firmly
on the bowels and liver, stimulat-
ing them to natural action, clearing
the blood and gently purifying the
entire system of impurities.

They do all that dangerous cal-
omel does without any of the bad
after effects.
All the benefits of nasty, sicken-
ing, gripping cathartics are derived
from Olive Tablets without griping,
pain or disagreeable effects of any
kind.

Dr. F. M. Edwards discovered the
formula after seventeen years of
practice among patients afflicted
with bowel and liver complaint with
the attendant bad breath.
Olive Tablets are a purely vegeta-
ble compound mixed with olive oil.
Take one every night for a week
and note the effect.
"Every little Olive Tablet has a
movement all its own." 10c

The Cook-Stove A Help?—or a Hindrance?

Many women are content to put up
with the out-of-date, back-breaking,
nerve-racking, work-making coal range,
for washing and ironing and cooking.
All the old-time discomforts of the
cook-stove—its dirt, its ashes, its filling
and refilling, its feverish heat, its uncer-
tain baking, its delays and its expense
—are now spared housewives who know
the efficient, economical NEW PER-
FECTION Wick Blue Flame Oil Cook-
Stove.

The NEW PERFECTION burns oil.
At two-thirds the cost of gas and one-
half the cost of gasoline. Lights in a
second. Gives forth an intense blue
flame. No odor.

It does better baking, broiling, boiling,
roasting and toasting than coal range,
gas or gasoline stove. And is thorough-
ly safe.

Over a half million NEW PER-
FECTIONS are now in use in the middle
west alone.

New Perfection Oil Cook-stove

Ask your nearby dealer to demonstrate
this wonderful stove. Have him show you
its cabinet top (for keeping dishes hot) with
drop shelf and towel racks that make the
NEW PERFECTION a coal range in appear-

THE GREAT RAYMOND APPEARS AT THE GRAND TODAY

Magician Who Has Astounded the World Here For Rest of Week.

THE GREAT RAYMOND.

With fifty tons of illusions and magical effects, a corps of 15 trained assistants, a veritable menagerie, a bevy of pretty illusion ladies and what are conceded to be the most gorgeous stage settings ever displayed in America, the Great Raymond comes to the Grand opera house tonight where he will play a week's engagement with matinees Wednesday and Saturday.

For the past five years Raymond has been touring the foreign countries arriving in San Francisco, where he played two weeks to capacity houses. The city papers have devoted a great amount of space to the many Raymond illusions and his big illusion show has proved a decided novelty in blouse "Frisco," packed houses having continued throughout the Raymond engagement.

Raymond with his supporting company were recent arrivals on the Pacific mail liner, China, from the Orient, where he concluded a most successful and profitable world tour. Every civilized country on the globe was visited and Raymond enjoyed a great amount of space to the many Raymond illusions and his big illusion show has proved a decided novelty in blouse "Frisco," packed houses having continued throughout the Raymond engagement.

Command performances were given for the late King Edward of England and his son, the present King, Kaiser Wilhelm, Czar Nicholas, King Leopold, Emperor Franz Josef, King Emanuel, Queen Wilhelmina, King Manuel, King Alfonso and the Spanish queen, the Mikado of Japan, Dr. Sun of the new Chinese republic and a host of other rulers, in all parts of the world. The magician carries court decorations bestowed upon him by the various rulers. Raymond was appointed official royal court conjuror to the King of Spain and will have to appear for Alfonso any time at command.

Today Raymond is credited with having the greatest illusion show in the world both in size and variety. His 70 tons of paraphernalia include a host of effects never before shown in America.

Some idea of the size of the show can be appreciated by the fact that in order to be ready for the Jacksonville engagement it was necessary to send a car containing a portion of the first program here three days in advance of the show in order that the mechanics can get it set ready for the opening.

It is Raymond's intention to present complete programs of the world's greatest mysteries while in Jacksonville the rest of this week.

GIVES HISTORY OF THE "DISHISHA" OF KYOTO

"ONE ENDEAVOR COMPANY" WAS FOUNDED IN 1875.

Jacksonville Tourist Writes of School and Biographical Sketch of Its Founder, Joseph Neesima.

(Continued from Sunday)

From the gorge we walked on and same in view of Lake Biwa, which was glorious, as it lay like a great mirror in the valley below. It is a fine body of water, fed by perpetual mountain snows and springs and supplies Kyoto with a great part of its water. It is navigable, abounds in fish and is a charming spectacle to behold. Passing in through a beautiful forest we came to a lovely little temple in the trees and noticed a bamboo water trough at the eaves and a water spout of the same material, making a primitive system, but it brought a small stream from a spring above. As we were looking at the building a monk emerged and smiled pleasantly at us and the guide told him who we were and asked him to pose for a picture with us and he consented and seemed flattered by the request. We conversed a while and then went on a short distance till we came to a pleasant place for lunch and sitting on the mountain side, with the lake below us, we began to discuss the good things in our basket which we had bought for a cent and a half the day before.

As we finished and again took the path we encountered our friend, the monk, whom we had met at the temple and he evidently wanted our company, farther, for he joined us and when we came to a steep place he walked behind us and boosted me all the way and next time favored the ladies. We met more pilgrims and came at last to a village and a large number of temples and shrines. We passed on the porch of one of the former and again had the monk with us. He seemed greatly pleased and was evidently a man of much authority, for he took us into the temples, showed us all about and then with his own hand plucked from a sacred bush some leaves, which he gave us. Then he ran to a house or dealer and came back with a finely illustrated book of the mountain, which he presented me with many bows and pleasant remarks. He escorted us a way farther and when we came to a long stone stairway down the side of the mountain he stopped and extended his hands in benediction as we left him and all the long way down we saw him standing there bowing as we looked and continuing his blessing. He was certainly a peculiar individual and though we saw several others, he was seemingly more elaborately dressed and had greater authority, though our guide was unable to ascertain whether the man was in more than ordinary authority or not.

About several of the temples we visited there was considerable snow, as the altitude was high and the territory well shaded and it rather made us shiver to look at it. The temples looked lonely among the great trees, as few people visit them, though scattered about near the altars was money, showing pilgrims had been there. We visited one which our monk friend said was 300 years old and in it a light burning which he said had not been extinguished for a thousand years. On top of the eminence we passed through a gateway a thousand years old and from the ancient logs and timber I could believe it. They have here a kind of cyprus which is well nigh indestructible and they use it often without paint and it seems to stand for ages.

The walk down the mountain was a hard one, as the way was very steep, though there were stone steps much of the distance, but we were glad we had ascended the easier side. We went down into a village which had clean streets and was neat and attractive and moored at a dock was a tiny steamer we were to take to the city, which was now some twelve miles distant. The little craft was supplied with mats on the deck and on these we had to make ourselves as comfortable as we could, though it was a hard task for me. Fortunately we didn't have to sail that way long, for we came to a village and that was the head of the canal which conveys the water from the lake to the city of Kyoto.

A Novel Ride.

Here we were called on to take another kind of water craft, similar to a Venetian gondola and propelled the same way, by a man with a single oar in the stern of the boat. Fortunately we were going with the current, which we found quite rapid, and it reminded me of the river Rhone, which flows from Lake Geneva, only it was not so wide, but the current was rather more rapid. People in that region do quite a business conveying produce, wood and stone and a great many more things in big row boats to the city, finding easy work going down, but getting back is hard work. They have a tow path on both sides of the canal and along that they walk, laboriously pulling their crafts after the fashion of the old time canal boats.

Along the canal are three tunnels, where it passes under a mountain and two hills and the work of construction must have been enormous. One tunnel is almost two miles long and we had a light at the bow of our boat and met many as we passed. At the side of the masonry of the tunnel a chain is passed the whole length by means of which the boatmen may pull their crafts up the canal, we could help pitying the poor creatures as they tugged away, making such slow progress. We had to sit on mats the best we could and we had for fellow passengers a lot of natives who seemed to be much pleased with our company and as we were in the boat a good while he became well acquainted. We sang our national hymn and several others

and they similarly entertained us and the ride was very pleasantly varied in that manner and when we reached it was with many bows and good wishes for each other. I may be pardoned for some complacency with which I regarded my condition, for I had walked up hill and down over a rough and rugged twelve or fifteen miles and felt hardly any fatigue at all and so all voted the day a great success.

In Nagasaki.

It was with genuine regret that we said goodbye to Koto, for we had enjoyed an unusually pleasant time there. The missionaries were so attentive and all went to make the stay so pleasant. We went or drove to Kobe's esoprt, Sanamyl, and there on the dock had the pleasure of meeting our good friend, Mr. Thornton, who is now at work again in his former field, Kobe. He greeted us most cordially and gave us information regarding our journey and boarded the steamship Perist and started for Nagasaki, the Switzerland of Japan. Our course led through the inland sea of the country, a part of the ocean which cuts the lower part of Japan, practically in two and forms one of the three harbors of the world, according to the claims of the people there. On the way we passed through some magnificent scenery, for during the greater part of the day after sailing from Kobe we were in sight of land and the prospect was superb. Mountains and islands abounded on every hand and when the steps were not too absolutely precipitous they were terraced and presented a series of grand green steps, often clear to the summit.

There were many smaller islands and some more prominent of bare rocks rising out of the deep and they made a beautiful picture. In many parts the water was dotted with sails of fishing craft and the whole ride was one continued kaleidoscope, ever changing, ever beautiful, ever strange and unique. Evergreen trees seemed to cling to the rocks and of ten would appear where one did not suppose it possible for vegetation to exist. I was much reminded of the hills in Palestine as well as of those along the coast of the island of St. Miguel as we go from Gibraltar to Naples and the scene was also somewhat similar to that presented on the banks of the Rhine between Mayence and Cologne.

We anchored in the beautiful bay and were boarded by pompous officials, who inspected the steamer passengers and looked at us, and we were permitted to land. A tug came alongside and soon we were greeted by Miss Mary Melton, who is a missionary teacher at his place. She was as cordial as could possibly be and soon we were on shore and at the school to which she is connected. It is a Methodist work and certainly it is grand. They begin with kindergarten work and go on to college degrees, with Latin, Greek and the regular departments, with the Bible in all the years.

They have an enrollment of 700 boys and girls, young men and women, and are doing a noble work. They have a corps of 25 native teachers and professors and some ten American. Miss Melton is superintendent of the Biblical department and is held in high esteem. She talks the language like a native and is an instructor whose work is very valuable. The leader in this grand work and the oldest one on the ground is Miss Elizabeth Russell, now almost 80 years old and yet vigorous and hearty. She is the one to whom the schools owe its existence. It was founded in 1879 and this grand work began with one scholar. She endured persecution, obloquy and all manner of opposition and not until ten years ago was opposition entirely removed, but through all these years this brave woman struggled on, never giving up at her place. At the age of 78 she is still seemingly in the full possession of her faculties, does regular work in the college and school and is respected and beloved by all who know her. It is also pleasant to note the esteem in which Miss Melton is held and Jacksonville may well be proud of her representative in Nagasaki.

They took us to dinner and then showed us over the plant. It is beautifully located, with fine views on every side, and as Miss Melton stood by us on the portico and looked over the broad bay with its shipping in one direction and the hills with their homes, terraced sides and distant mountains beyond she proudly challenged us to admit that it was indeed the Switzerland of Japan and her word was correct. At the recent commencement exercises there were a goodly number of graduates and the governor of the province was present and made an address of 45 minutes and Miss Russell could easily compare the occasion with conditions which existed so many years before. To all friends it may be said that money invested here is well placed. The great fact remains that the brave missionaries train and send women to go out and uplift their fellow men and thus do a work whose importance cannot be estimated. Like the Doshisha at Kyoto, the school does not undertake to make Christians of all who attend, though most of them become so and all go out from the institution fitted for the duties of life and to teach their fellow creatures and lead them to better lives.

At this place we also saw the novel sight of coaling a steamer in Japanese waters and it was indeed a spectacle. The coal was brought alongside in great row boats, holding two or three car loads each. Down the sides of the ship were let platforms about five feet square and three feet apart, like great steps. Gangs of women with a very few men inter women to go out and uplift their fellow men and thus do a work whose importance cannot be estimated. Like the Doshisha at Kyoto, the school does not undertake to make Christians of all who attend, though most of them become so and all go out from the institution fitted for the duties of life and to teach their fellow creatures and lead them to better lives.

supplied. I should call the coal a rather poor quality of mine run, but it seems to answer the purpose and our boat makes good time. Nagasaki has many historical localities and is the strongest hold of the Roman Catholic church in Japan and has several thousand adherents in the province and one of the oldest churches. The school we visited is on the spot where Christians were required to step on the cross or be killed. There are Buddhist temples here, too, and the priests of that faith do all they can to stem the tide of Christianity. A good degree of comity exists and only recently the school has acquired additional property given up by another denomination, which is going to a different field. Sundays in the school chapel the English speaking people of all missions have services.

Nagasaki is a wide awake place and one of much importance as it is the gateway to southern Japan and much shipping is done there. It has also ship building yards and we saw one steamer on the stocks in the course of construction. There is also a dry dock for the repair of vessels and there are other enterprises about the place which make it a locality of much life and activity.

Goodbye to Japan.

And now we say goodbye to Japan and let it be understood we do not claim we have seen it all or even a great part of it, but we have carefully investigated what we had an opportunity to see and have been especially favored with excellent facilities for seeing things out of the ordinary channels. Of course a native or resident of the country will no doubt smile at the way I have described some things, but I have tried to be fair and not exaggerate anything. We shall always remember with deep gratitude the kind missionary friends who showed us so much attention and shall always have a great respect for them and their work. It has been hard to hold down the letters, for there was a great deal I wanted to say regarding the habits and life of the people and I venture to add a few remarks in that line.

First I will remark that the consuls and United States representatives at the various cities are very pleasant gentlemen and attentive to the wants of all citizens of the country. As Nagasaki the consul is Mr. Deichman of St. Louis and we found him a very agreeable man. He came on board our steamer as we were about to leave and we discovered we had the honor of having him for a fellow passenger. He was escorted by the governor and lieutenant governor of the province, their suites and a retinue of officers and civilians, all of whom came out in launches, as our ship had to anchor a distance from the shore. They gave him a royal send off and he seemed much pleased by the compliment. He told me he had been in the service a number of years and was going home on a furlough of five months.

The Japanese is a man frugal, industrious and courteous to all whom he meets. His struggle with nature has made him brave and hardy and he is naturally docile at the same time and quick to learn anything that may be of benefit to him. This was wonderfully shown in the war with Russia, when that great nation was worsted by the little men whom they had hitherto despised.

It will be a hard day for the land when furniture has to be introduced. A gentleman truly remarked that a Japanese house was furnished when it had nothing in it. How then will it get along with our chairs, tables and other articles it is hard to see. The treatment of children seems to be one of the most delightful traits of Japanese character and it said that punishment is seldom needed. S. W. NICHOLS.

NEW "MISSION OF PEACE."

Atlanta, Ga., May 19.—The "Old Guard Battalion" of Atlanta, which gained a place in history by its famous "mission of peace" to the north in 1879, left the city today on a similar trip to Washington, Philadelphia, New York, Baltimore and Boston. The purpose of the trip is to "meet the military and other organizations that so warmly indorsed the 'mission of peace' undertaken by the same organization 34 years ago.

IF YOU ARE A DRINKING MAN

You had better stop at once or you'll lose your job. Every line of business is closing its doors to "Drinking" men. It may be your turn next. By the aid of ORRINE thousands of men have been restored to lives of sobriety and industry.

We are so sure that ORRINE will benefit you that we say to you that if after a trial you fail to get any benefit from its use, your money will be refunded.

When you stop "Drinking," think of the money you'll save; besides, sober men are worth more to their employers and get higher wages.

Costs only \$1.00 a box. We have an interesting booklet about ORRINE that we are giving away free on request. Call at our store and talk it over. Armstrong's Drug Store, southwest corner of square.

**DEVON

CLUETT PEABODY & CO. TROY, N.Y.

**For a Red
Blotchy Skin**

The Remarkable Action of a Famous Remedy
and Some Facts About It.

Get Your Blood Purified With S. S. S.
and You Won't be Tortured Like This.

The skin is but a net work of fine blood vessels. And it is a perfectly natural consequence that any influence in the blood that is a condition of ill health makes its first appearance in the skin. There are certain medicinal properties that follow the course of the blood stream and the influence of these properties is that of an antidote. This is why S. S. S., the best known blood purifier, has such a positive action in the skin. There is one ingredient in S. S. S. which peculiarly stimulates cellular or glandular activity to select from the blood or from this fine net work of blood vessels in the skin, those elements which it requires for regeneration.

Thus pimples, acne, eczema, lupus, or any other blood condition that attacks the skin or seeks an outlet through the skin is met with the antidotal effect of S. S. S.

This is why skin troubles vanish so readily and why they do not return. Under the influence of S. S. S. this fine net work of blood vessels in the skin is constantly taking from the blood the nutrition required for healthy tissue and the cause of disease is just as constantly being removed, scattered and rendered harmless. These facts are more fully explained in a book on skin troubles sent by The Swift Specific Co., 137 Swift Bldg., Atlanta, Ga. You will find S. S. S. on sale at all drug stores. Get a bottle to-day and banish all skin afflictions.

TENTATIVE PROGRAM FOR ASSISTANT POSTMASTERS

Outline of Events in Connection
With Fifth Annual Convention to
be Held in Jacksonville May 26.

From the reports which came in, the attendance at the fifth annual convention of the Illinois Association of Assistant Postmasters, which meets here Monday, May 26th, promises to be large. The headquarters will be at the Dunlap hotel. Mr. and Mrs. L. O. Andrews have written that they expect to arrive in the city on May 25. Mr. Andrews is from Belvidere and is president of the state association and treasurer of the national association. Among the speakers will be a representative from the department at Washington, but the man to be sent has not been signified.

The tentative program as outlined follows:
11 o'clock—Meeting called to order.
Address of welcome—Mayor Geo. W. Davis.
Response—Robert M. Campbell, Peoria.

Roll Call.
Reading minutes.
Communications.
Reports of officers.
Bills.

Appointment of committees.
12 o'clock—Adjournment.
1:15 o'clock—Address by representative from postoffice department at Washington.

Col. James E. Stuart, inspector in charge, Chicago.
Raymond E. Hitchcock, postoffice inspector.

John J. Reeve, postmaster of Jacksonville.
Paper, "Efficiency"—Miss Frances Small, Lincoln.

Paper—Miss Ruth E. Courtwright, Normal.
Discussion.
Unfinished business.

New business.
Selection of meeting place for 1914; election of officers.

Arrangements are being made to show the visitors the city and it is expected that the convention will close between 3 and 4 o'clock, after which an automobile ride will be taken.

RETAIL GROCERS MEET IN ST. LOUIS.

St. Louis, May 19.—Fifteen hundred men, representing the retail grocery trade in all sections of the country, gathered in St. Louis today for the 16th annual convention of the National Association of Retail Grocers. The convention will continue four days, during which time a wide variety of subjects of interest will be discussed. Present as the guest of the convention at the opening today was Arthur J. Giles, secretary of the Federation of English Grocers' associations.

THE PUBLIC LIBRARY NEEDS YOUR HELP.

In cleaning your attic or your closets this spring did you find any old books or magazines which you did not care to keep? There are a few things which the public library is very anxious to obtain and some of these would not be needed or wanted as permanent features of any home library. The book which you do not want may be of use in public library and persons willing to give anything away are requested to communicate with the librarian in regard to their value to the public. The following items are especially needed this spring and it is hoped that anyone who is willing to give them will notify the librarian at once.

Proceedings of the National Conference of Charities and Correction from 1900 to 1909. Also 1911 and 1912.

Proceedings of the Conference on Good City Government; any numbers. Reports of the National Educational Association as follows: 1888, 1891, 1892, 1894, 1896, 1907.

Any odd numbers of the following magazines can be put to very good use:

Delineator.
Living Age.
Harper's Bazaar.
Woman's Home Companion.
Ladies Home Journal.
Any books or pamphlets on Illinois or Jacksonville History are desirable. Even the most insignificant pamphlet may be of great value to the library.

PARISIAN SAGE.

The Hair Grower Now Sold in America
on Money Back Plan.

It's a mighty good thing for the women of America that Parisian Sage can now be obtained in every town of consequence.

No preparation for the hair has done so much to stop falling hair and eradicate dandruff and make women's hair beautiful as Parisian Sage.

Parisian Sage is the only certain destroyer of the dandruff microbe which is the cause of 97 per cent of hair troubles.

These pernicious, persistent and destructive little devils thrive on the ordinary hair tonics.

Parisian Sage is such an extraordinary and quick acting rejuvenator that Coover & Shreve, who are the agents in Jacksonville guarantee it to cure dandruff, stop falling hair and itching scalp in two weeks or money back.

It is a magnificent dressing for women who desire luxuriant, lustrous hair that compels admiration.

And a large bottle of Parisian Sage costs only 50 cents at Coover & Shreve and leading druggists all over America.

Mr. and Mrs. Carl Joaquin and son Edward spent Sunday in St. Louis, the guests of his brother Joseph Joaquin.

TAFT TO PRESIDE FOR
UNITARIANS.

Boston, May 19.—Morning prayer in King's Chapel, conducted by Rev. William R. Cole of Cohasset, opened the regular meeting of the anniversary week of the American Unitarian association today. Later in the forenoon the Ministerial union

held its annual meeting in Chamberlain hall.

Daily sessions will be held during the week and the anniversary is expected to be one of the most memorable ever held by the association. The program includes addresses by many noted speakers, lay and clerical, among them former president William H. Taft, Rev. Horace Westwood of Winnipeg, Rev. Maxwell Sagar of Louisville and President Emeritus Eliot of Harvard university. Ex-President Taft will preside at the meeting in Tremont temple Wednesday evening. It is expected also that Mr. Taft will speak at the unveiling of the Edward Everett Hale statue Thursday afternoon, which will be one of the principal events of the week.

I wish to add my testimonial to the many others received by Dr. C. W. Carson, the Chicago Specialist. I was a sufferer for years from neuralgia and stomach trouble, and at times suffered very severely. Could get no relief, so took a course of treatment from Dr. Carson, and can now say that I am feeling perfectly well. I will be glad to answer any inquiries as to what he has done for me. Mrs. J. A. Wilson, Roodhouse, Ill.

RHEUMATIC PAINS GO SWOLLEN JOINTS VANISH

RHEUMA—Greatest Remedy for
Rheumatism, Gout and Sciatica
Only 50 Cents and Money
Back From Coover
& Shreve—If It
Doesn't Satisfy.

Thousands of people during the last year freed themselves from the bondage of rheumatism; rid themselves of the torturing pain; reduced the swollen joints; threw away canes and crutches, and from helpless beings became able to work and be of use to themselves and their families.

They took RHEUMA; the modern enemy of rheumatism, which is also sure to cure lumbago, sciatica, arthritis, gout, chronic neuralgia or kidney disease.

Don't be skeptical about RHEUMA. You will know in a few hours after beginning the treatment that the poisonous uric acid is leaving your system through the natural channels. You will feel better in a day you will know you are going to be cured in less than a week.

Don't think because RHEUMA is sold for only 50 cents a bottle that it won't bring you back to health. There is no guess work about it. RHEUMA is better than any remedy at ten times the price. Ask Coover & Shreve.

PACIFIC COAST AD MEN.

Sacramento, Calif., May 19.—The Pacific Coast Advertising association opened its annual convention here today with large delegations in attendance from Los Angeles, San Francisco, Portland, Tacoma, Spokane, Seattle and other cities. The convention will continue in session for three days.

CHARGED WITH INCITING RIOT.
New Brunswick, N. J., May 19.—Charles Uzenia, Alexander Baker, John Bilka, Michael Maggar and Stephen Matti, all of whom are charged with inciting to riot at the recent strike among clay workers in plants along the Raritan river, were brought into court here today for trial. All have pleaded not guilty.

NERVOUS PROSTRATION

Severe Case of a Philadelphia
Woman—Her Symptoms.

Philadelphia, Pa.—"I had a severe case of nervous prostration, with palpitation of the heart,

constipation, headaches, dizziness, noise in my ears, timid, nervous, restless feelings and sleeplessness.

"I read in the paper where a young woman had been cured of the same troubles by taking Lydia E. Pinkham's

Vegetable Compound so I threw away the medicines the doctor left me and began taking the Compound. Before I had taken half a bottle I was able to sit up and in a short time I was able to do all my work. Your medicine has proved itself able to do all you say it will and I have recommended it in every household I have visited."—Mrs. MARY JOHNSTON, 210-Siegel Street, Philadelphia, Pa.

Another Bad Case.

Ephrata, Pa.—"About a year ago I was down with nervous prostration. I was pale and weak and would have hysterical spells, sick headaches and a bad pain under my shoulder-blade. I was under the care of different doctors but did not improve. I was so weak I could hardly stand long enough to do my dishes.

"Lydia E. Pinkham's Vegetable Compound has made me well and happy and I have begun to gain in weight and my face looks healthy now."—Mrs. J. W. HORNBERGER, R. No. 3, Ephrata, Pa.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Grand Opera House Entire Week, Commencing Tonight THE GREAT RAYMOND!

Matinees Wednesday and Saturday

Manager Hunt takes immense pleasure in announcing that he has secured for this entire week, commencing tonight, the great RAYMOND, the best of living magicians. This "American Magus," who has entertained and startled the whole world with his art, will appear here with a select company of twenty-five. Raymond recently closed a remarkably successful engagement at the Studebaker theatre in Chicago, and, in fact, he is one of the few stars who are demanded in Chicago at least once each year.

"Good magic at the Studebaker. A program of tricks, many of which are amazing."—Tribune.

"The Great Raymond, magician, thrills theatre patrons."—Examiner.

Delightful entertainer, skillful and deft * * * most beautiful study of necromancy I ever saw in the world."—Daily News.

"The diversion which he submits is refreshing and skillful."—Inter Ocean.

"There was much to see—more, perhaps, than ever was shown before in an entertainment of this kind."—Journal.

"Raymond came to the Studebaker with enough paraphernalia to equip a circus."—Evening Post.

"He is supreme * * * Engineered the astonishing levitation act to a dazzling culmination."—Record Herald.

"Individuality distinctly marks the Great Raymond appearing this week at the Studebaker and he proves himself to be all he claims and more."—Chicago American.

Seats on sale now for all performances. Prices: Entire lower floor and first two rows of balcony, 50c; third and fourth balcony rows 35c; remaining balcony 25c; gallery 15c. Matinees: Adults 25, children 10c.

Five reels of pictures FREE from 7 p. m. until 8:15 when the Great Raymond appears.

WHY IS JACKSONVILLE FIRM?

Because Its Citizens Have Learned
The Truth.

After reading this generous and
encouraging report from Mr. Seaver
those who have the misfortune to suf-
fer, as he did, will naturally long to
get similar relief. But to get the
same good as Mr. Seaver had, you
should get the same remedy. There
are of course, other kidney pills, but
there are no other kidney pills the
same as Doan's. That is why Jack-
sonville people demand the genuine.

J. B. Seaver, Blacksmith, 346 E.
North street, Jacksonville, Ill., says:
"I have used Doan's Kidney Pills
with excellent results and I am pleas-
ed to recommend them. I had pains
in the small of my back, especially
when I tried to straighten after
stooping. I used Doan's Kidney Pills
and they stopped the pains. They
also regulated the action of my kid-
neys."

For sale by all dealers. Price 50c

MORTUARY

Meyer.

Word comes from Petersburg of the death of William Meyer, an old resident of that place and a one time citizen of Jacksonville. Mr. Meyer who was born in Germany in 1833, came to the United States in 1854. He located successively in Zanesville, Ohio, and Springfield, Ill., and later in this city where he was manager of the jewelry store of Philip Price.

He was well known in Menard county where he has resided since 1857. He was married in 1879 to Miss Mary Goucher, of Elkorn, Wis. He is survived by one son, Frederick William.

Adkinson.

The funeral of John Adkinson was held at 11 o'clock Sunday from the M. E. church of Manchester, the Rev. Mr. Hardesty officiating. Music was furnished by a quartet from the membership of the church. The flowers were cared for by Misses Ruth Miller, Grace Adkinson and Eliza Smith, grandchildren of the deceased. The bearers were Charles McCracken, M. L. Robinson, Fred Thady, Charles Thady, George Smith and Fred Lawson. Burial was made in the New cemetery of Manchester.

Unequaled for a Bad Cold.

Ask anyone who has tried it and he will tell you that Chamberlain's Cough Remedy has never been equalled. Miss Clara Oster, House Springs, Mo., when speaking of this remedy, said: "I feel sure that Chamberlain's Cough Remedy is the best on the market to cure a cough or a bad cold on the lungs. I am only too pleased to say a few words in its praise." For sale by all dealers.

SIGMA PI PROGRAM.

The following program was given by Phi society last night:

URANIA LODGE TO HOLD

BIG MEETING MAY 26

Will Celebrate Occasion of Reaching the 400 Mark in Membership.

Great plans are being made by the members of Urania lodge No. 243 I. O. O. F. when the initiation of fifteen new members will cause the organization to reach and go beyond the coveted four hundred mark. For some time the lodge has been on a membership campaign and now that the desired mark is reached the night of May 26 has been set aside for the initiation and the feast of good things to eat and toasts to follow.

A meeting of the lodge was held last night when nine petitions were accepted, making now a total of fifteen. The third degree was given the following candidates, James A. Paschall, Charles D. Sanders, Claude M. Bell, and C. O. Self.

Noble Grand Seymour appointed a committee consisting of Ellis Henderson, Carl Weber and C. J. Roberts for the purpose of notifying the members in this jurisdiction of the big meeting to be held Monday night, May 26. He also appointed as a refreshment committee, Albert Baldwin, chairman, E. M. Vasconcellos and T. A. Ebery. They have power to select other members.

Urania lodge has just purchased \$1,000 worth of new regalia and paraphernalia, which will be used for the first time at the big meeting.

ENDEAVORERS MEET IN IN COUNTY CONVENTION.

Elect Officers and Hear Helpful Addresses Sunday at Central Christian Church.

A meeting of representatives from the different societies of Christian Endeavor of the county was held Sunday afternoon and evening at the Central Christian church. The afternoon session which met at 2:30 consisted for the most part of papers on topics relating to the young people's society. Officers were elected and chairmen of the various phases of endeavor work were named. The evening meeting at the regular church hour was addressed by Rev. Mr. Darsie and the Rev. W. B. Shirey of Carrollton. The music was led by the regular church choir. Billis Spray, the president of the Central Christian society, presided.

The officers elected at the afternoon session are: President—Ruth Vail. Secretary—Anna Stephenson. Treasurer—Elizabeth Myers.

The department chairmen named are: Lookout, Annabelle Crum, Litterberry; social, Martha Simpson, Jacksonville; missionary, Ruth Curtis, Waverly; efficiency, Lewis Osborne, Jacksonville; devotional superintendent, Elie Pratt; devotional superintendent, J. Philip Read.

Miss Anna Stephenson gave a talk on "The Sunday Evening Prayer Meeting" and Howard DePew on "The Christian Endeavor Business Meeting." "The Social Side of Christian Endeavor" was the title of a paper by Miss Elizabeth Myers. Miss Mabel Forrester played a violin solo, "Berceuse," a lullaby, by Jarnefelt.

At the service at the regular church hour, the Rev. Darsie spoke of the value and the reasons for assuming the Christian Endeavor pledge. In "The Unused Energies of Life," the Rev. W. B. Shirey, of Carrollton, pointed out better ways of Christian living and possibilities for higher efficiency in more consistent use of the talents with which we are endowed.

MRS. ANTONIA LASH DIES SUDDENLY MONDAY MORNING

Death Attributed to Heart Trouble. By Coroner's Jury — Funeral to Be Held Wednesday.

Mrs. Antonia Lash died suddenly Monday morning at 12:15 o'clock at her residence, 1102 North Diamond street, and according to the verdict of the coroner's jury, death was due to heart trouble, caused by mitral stenosis.

According to the testimony of Mrs. Mary Hall, a daughter of the deceased, Mrs. Lash had been ill for a year and had suffered from a number of spells, similar to the one which caused her death, and each seemed harder. She testified that Mrs. Lash seemed as well as usual Sunday, in fact better than she was Saturday. "My brother heard her get up in the night, when she seemed to be strangling," said Mrs. Hall. "He called me and I came immediately. She talked to me after I reached the house and died about 12:15 o'clock." Dr. J. M. Wolfe, testified that he arrived about 10 minutes after Mrs. Lash had passed away and John W. Hall was another witness examined. E. M. Lash, a son of the deceased, was also examined and his testimony was corroborative of that of Mrs. Hall. The jury was composed of L. H. Woodall, foreman; C. O. Leake, H. C. Spears, Arch Norris, John W. Hall and Walter Wright.

Mrs. Lash was born in the Island of Madeira, November 15, 1820, a daughter of Thomas and Mary Johns. She was married to Thomas Lash in her native land and has been a resident of Illinois for the past thirty-three years. Her husband preceded her in death some twenty-eight years ago and she is survived by two children: Mrs. John W. Hall of 1128 North Diamond street, and E. M. Lash at home. She was a member of Northminster church.

Funeral services will be held Wednesday afternoon at 3 o'clock from the residence of her daughter, 1128 North Diamond street, in charge of Rev. W. E. Spoonst. Interment will be made in Jacksonville cemetery.
